Rose:

Hopefully you remember me. You guys installed my mom's carpet & about a month later you did mine out in Annville. I just wanted to thank you once more for working with me. Without your help, I would still have my old carpet. Every day I enjoy it a little more. My new carpet is beautiful & soft. It made a world of difference in my house. Phil does great work. I know my house was a difficult job for him because he did it all by himself. Thank you both. God Bless!
